From: J. Edgar Hoover - Director, Federal Bureau of Investigation

Subject: DAVID GREENGLASS, was.
ESPIONAGE - R

Reference is made to my previous memoranda to you in connection with this case outlining the espionage activities of David Greenglass in furnishing information concerning atomic energy material to which he had access while he was stationed at Los Alamos. David Greenglass has furnished additional information which supplements and changes to some extent the information previously furnished by him.

Greenglass stated that in November, 1944, Julius Rosenberg, the brother-in-law of David Greenglass, asked Ruth Greenglass to go to Albuquerque, New Mexico, and to ask David to furnish information concerning the atomic bomb. Ruth Greenglass contacted David about November 29, 1944, at Albuquerque and David agreed to furnish the information. In January, 1945, David Greenglass while in New York City on furlough contacted Julius Rosenberg and Rosenberg described to Greenglass generally how the atomic bomb worked. Greenglass subsequently learned that the atomic bomb that Rosenberg had described was the "Naval type" bomb which was later dropped on Hiroshima. At the same meeting David Greenglass furnished to Rosenberg the names of personnel at Los Alamos whom David believed to be ideologically suited for recruitment to furnish information to the Russians.

In February, 1945, Ruth Greenglass moved to Albuquerque and had previously been told in New York City by Julius Rosenberg that she would be contacted in Albuquerque by "Anne," last name unknown, who would pick up the information from her concerning the atomic bomb to be furnished to Ruth by her husband, David. Greenglass is of the opinion that the town portion of

cardboard which he ultimately used as a means of identifying Harry Gold had been given to Ruth by Julius Rosenberg and that "Anne" was to have the matching piece. Ruth told David Greenglass that "Anne" was supposed to meet her in front of the Safeway Store on Central Avenue, Albuquerque, New Mexico, about the latter part of May, 1945, but she did not show up. Harry Gold arrived in June and the facts concerning the meeting between Gold and Greenglass are the same as set forth in my reference memorandum to you.

Greenglass had a furlough about two months after his meeting with Gold. This furlough took place in about the Fall of 1945, at which time David Greenglass went to New York City, where he met Julius Rosenberg and furnished him with papers he had with him concerning the information which he had gathered concerning the atomic bomb. Greenglass was of the opinion that the information furnished to Rosenberg at that time was substantially as follows:

"The A bomb is made up of 36 pentagonal shaped molds. When all set together the molds formed a sphere made of high explosives with balls of plutonium in the center. Inside the plutonium is a sphere of beryllium. A plastic shield is in between the plutonium and the high explosives. The high explosive has two detonators for each high explosive segment. The detonators were connected to a number of condensers possibly about 36 or 72. The condensers are also called capacitors. The number of detonators was twice the number of molds and the number of condensers were equal in number to the number of detonators. The beryllium had a hollow center. The beryllium had a number of cone shaped holes in it, the apex of each cone being toward the periphery of the beryllium. The beryllium was gold plated which prevented it from emitting neutrons. The detonation of the high explosives causes the plutonium to be crushed or imploded and, therefore, increases the number of plutonium neutrons which are free. The beryllium also becomes crushed and the beryllium neutrons are jetted out through the cones into the mass of plutonium which sets off the chain reaction of the plutonium which results in the atomic explosion."

Greenglass is now of the opinion that he also gave Rosenberg at that time a couple of sketches of the mold which makes up the atomic bomb. He gave this information to Rosenberg in an unsealed envelope when they met on the street somewhere in New York City. Greenglass does not know whether

Rosenberg looked at the information, nor does he know the disposition Rosenberg made of this information.

Rosenberg at that time attempted to persuade Greenglass to stay on his job at Los Alamos after his discharge from the Army. Greenglass states that he declined. Rosenberg furnished Greenglass with no money at that time.

During the previous interview of David Greenglass on June 16, 1950, he had furnished information in a signed statement setting out that while he was on furlough from Los Alamos his brother-in-law, Julius Rosenberg, had asked to see him one evening. Greenglass said that he had borrowed a 1935 Oldsmobile and traveled to the vicinity of about First Avenue, somewhere about East 42nd Street and below East 59th Street. He said that he parked the car at the curb and that Julius Rosenberg walked over to the car and told him to wait. Rosenberg came back with a man and introduced him by a first name which Greenglass does not remember. The man then got into the car and they drove around while the man asked Greenglass questions about a high explosive lens which was being experimented on at Los Alamos. Greenglass said that this furlough was either the one before he met Harry Gold in the Summer of 1945 or a furlough after that time.

In connection with the foregoing information, you are requested to advise as to whether the term "Naval type" bomb is correct terminology and as to whether such a bomb would have been completed as of January, 1945. We would appreciate knowing as to whether this would have been classified information as of that time. We would also like to know with respect to the information which Greenglass says he passed to Julius Rosenberg in the Fall of 1945 as to whether this information is technically correct and whether this information would have been classified as restricted information in the Fall of 1945 and whether this information is still classified information. We would appreciate having this information at the earliest possible time.

THE GROUND SOLDIER'S

TO THE NEW ORDNANCE SOLDIER

An American soldier can, if necessary, fight without food or shelter or medical care -- but an army without weapons is lost. The supply and maintenance of fighting tools for the U. S. Army is your responsibility, as an Ordnance Soldier -- and that makes yours a most important mission in the military service.

Learning how to fulfill this mission is a never-ending process. It is to help you learn your job that the ORDNANCE SOLDIER'S GUIDE has been prepared. It contains practical tips drawn from actual battle experience and technical data from the latest Army publications.

Use the GUIDE as an aid in taking notes; carry it with you to all your training periods, and when you go into the field, put it in the top of your harrack bag for easy reference.

From time to time, new editions of the GUIDE will be published. If your experiences in the field indicate that some of the material included here is more practical than others, let us know about it. A letter with your suggestions from your future station, "somewhere in the world" will help us pass on your advice to future Ordnance Soldiers. Write to the Training Department, O. R. T. C., Aberdeen Proving Ground, Maryland.

IN REPLY
REFER TO

6 August 1945

TO ALL MILITARY AND CIVILIAN PERSONNEL, MANHATTAN DISTRICT.

1. The War Department has extended to all military and civilian personnel of the Manhattan District its heartiest congratulations for meritorious service performed in producing the atomic bomb.

2. Major General Leslie R. Groves has asked me to express to you the deep appreciation felt by the War Department and by himself for the unselfish and untiring effort you have made and the magnificent results you have achieved.

3. Our first objective has been reached, we must press on lest the Jap catch his breath. Remember, he is a tenacious fighter and he has not yet quit. Let us proceed with unslackening zeal and speed so that final victory can be won at the earliest possible moment.

H. D. NICHOLS,
Colonel, Corps of Engineers,
District Engineer.

RESTRICTED

An official public announcement has just been made of the existence and general purpose of this project and associated projects under the cognizance of the Manhattan District. From time to time further information will probably be released. The decisions on what may be released, and what it is in the public interest to release, have been made by the highest authorities of the country. I am sure that they would be glad to consider well-motivated suggestions about future releases. I should be glad to transmit such suggestions to them.

As you will have noticed, many technical matters have not been referred to in the release. We must be guided by the fact that the material not officially released for publication is still classified as secret, and it is still our obligation to maintain it so. I know that it will be some comfort to all of you to have the general purpose of our work known, and to be able to admit your association with it; beyond that, and the confirmation of matters known to you to have been released for publication, no information about our work may be made public.

It is realized by all of us that the partial relaxation of security makes the maintenance of security more difficult, but on behalf of those responsible for overall policy I must ask your cooperation and help in this as I have in the past.

TO: All Members of the Laboratory

FROM: J. R. Oppenheimer

The following message was received today from Robert P. Patterson,
Under Secretary of War:

"To The Men and Women of Manhattan District Project:

"Today the whole world knows the secret which you have helped us keep for many months. I am pleased to be able to add that the warlords of Japan now know its effects better even than we ourselves. The atomic bomb which you have helped to develop with high devotion to patriotic duty is the most devastating military weapon that any country has ever been able to turn against its enemy. No one of you has worked on the entire project or knows the whole story. Each of you has done his own job and kept his own secret, and so today I speak for a grateful nation when I say congratulations, and thank you all.

"I hope you will continue to keep the secrets you have kept so well. The need for security and for continued effort is fully as great now as it ever was. We are proud of every one of you."

AT COLLEGEVILLE, PA.

DONALD C. BEACRAFT, Private First Class, Pennsylvania State Police, Collegeville Barracks, furnished Special Agent MAHLON J. PRICE on July 14, 1950 the following information concerning DAVID GREENGLASS:

BEACRAFT stated he was a First Sergeant for the 3113rd Ordnance Armored Vehicle Maintenance Company, 613th Ordnance Armament Maintenance Battalion, stationed at Fort Ord, California during 1944. He said that he recalled DAVID GREENGLASS as having been in his outfit while at Fort Ord. He also advised that he recalled subject as having been transferred out of this company at the time the unit was awaiting overseas shipment. To the best of BEACRAFT's recollection, he could not state why GREENGLASS was transferred out of the organization prior to overseas shipment. However, he did advise that it was common to transfer soldiers who did not measure up to other personnel in an organization prior to overseas shipment.

DONALD C. BEACRAFT advised that he had no additional information concerning DAVID GREENGLASS.

- REFERRED UPON COMPLETION TO THE OFFICE OF ORIGIN -

"in such an event, that she would turn over to me an envelope containing the information on atomic energy, and that in turn, should she exhibit any need for money, that I was to give her the envelope containing the \$500.00. Further, JOHN had explained to me that GREENGLASS's wife was just as reliable as he was in conducting such an affair.

"I would like to add also that during the major part of my conversation with GREENGLASS, which conversation included the fact that he was working at Los Alamos; the fact that he was going to propose a possible recruit (and which I promptly discouraged); and the actual transfer of the information which occurred on the occasion of the second meeting of about five minutes duration on that same day, but in the afternoon, that Mrs. GREENGLASS was present during all of this. I believe, however, that when I gave the money to GREENGLASS, that Mrs. GREENGLASS may have been in the tiny kitchen of their very small apartment.

"I believe that when Mrs. GREENGLASS returned to the room, that GREENGLASS may have made some mention of the fact that I had given him some money. Also at this time, and in Mrs. GREENGLASS's presence, he gave some indication that the sum might not be sufficient to see them through for a very extended period and he also indicated that it would be very desirable if he could, on a later date, get more money. I believe that at this time I indicated to him that I might be back in Albuquerque in September of 1945, and that if this event did transpire, I would bring along some more money for him. There was also stated the matter that had I not brought the \$500.00 along with me that it would have been impossible for Mrs. GREENGLASS to continue to stay in Albuquerque any longer.

"I have read the above 3 page statement and am signing each page because all of the information therein is true to the best of my knowledge and belief.

(Signed) HARRY GOLD

RICHARD E. BRENNAN, Special Agent, FBI
July 10, 1950, Philadelphia, Pa."

"me, and I realize that I do not have to make any statement, and any statement I do make may be used against me in a Court of Law. I realize that I have a right to counsel.

"I would like to add the following to the statement dated June 2, 1950, which I gave the above named agents relative to the unknown individual contacted in Albuquerque, New Mexico, in June of 1945. Since the above statement was made I have identified a picture shown to me by Agents MILLER and BRENNAN, and whom I have been told is DAVID GREENGLASS, as being the same man I previously described as being the Unknown G.I. whom I met in early June of 1945, in Albuquerque, New Mexico.

"I have also recalled the fact that my means of identifying myself to GREENGLASS and of his verifying this identification was by means of two torn pieces of paper of an irregular shape, but which matched when put together. One such piece was in my possession, and had been given to me by JOHN, and the other piece was in GREENGLASS' possession.

"During a conversation I had with Mrs. GREENGLASS on the occasion of my first meeting, that is the morning meeting, at the GREENGLASS' apartment in Albuquerque, Mrs. GREENGLASS told me that when they returned to New York on GREENGLASS's expected furlough, which was to take place about December of 1945, that I could contact them by getting in touch with a relative of Mrs. GREENGLASS. I believe the man questioned was supposed to be Mrs. GREENGLASS' father, that is the father-in-law of DAVID GREENGLASS, and I had previously stated that I believed his name to be PHILIP and that I believed in the Bronx, New York. Since that time I have come to the belief that the more likely possibility may have been that this man was either an uncle or a relative of Mrs. GREENGLASS, and that his name may have been JULIUS. I am certain that I was given a telephone number, but I am not certain as to whether I was also given an address. There is also the possibility that the location in New York may have been the Bronx. Mrs. GREENGLASS also told me that just prior to her leaving New York, in April of 1945, that she had talked with JULIUS and had explained this arrangement to him.

"I had been instructed by JOHN before leaving Albuquerque, that there was the possibility that this man might not be in Albuquerque, but that, certainly, his wife would be there and that

SYNOPSIS OF FACTS:

HARRY GOLD on 7/10/50 in signed statement advises he had torn piece of paper to present to DAVID GREENGLASS as means of identification in June 1945. GREENGLASS had other piece of torn paper that matched segment in GOLD's possession. GOLD states he now believes the relative he was to contact in December 1945 for information re GREENGLASS may have been named JULIUS. GOLD again stated that subject's wife, RUTH GREENGLASS, had knowledge of husband's activities. DONALD C. BREACRAFT, former 1st Sgt. of GREENGLASS, states he recalls subject, but can furnish no pertinent information.

Re Albuquerque letter July 13, 1950 requesting that this office interview DAVID GREENGLASS in an effort to ascertain whether or not WILLIAM SPINDEL is identical with unknown subject [REDACTED]

The attention of interested offices is directed to San Francisco letter dated July 7, 1950 which contains an analysis of the facts then known concerning DAVID GREENGLASS, RUTH GREENGLASS, and JULIUS ROSENBERG in the light of the information furnished by [REDACTED]

However, in accordance with the request of the Albuquerque office, DAVID and RUTH GREENGLASS (who have been displaying cooperative attitudes) were interviewed.

DAVID GREENGLASS advised that WILLIAM SPINDEL impressed him as being a "leftist" but he was unable to state whether or not WILLIAM SPINDEL was a member of the Communist Party. In contrast to several of DAVID GREENGLASS' associates at Los Alamos, WILLIAM SPINDEL was very secretive about the work he, SPINDEL, was doing at Los Alamos. SPINDEL refrained from discussing his work at Los Alamos. So far as DAVID GREENGLASS knew, SPINDEL was unknown to JULIUS ROSENBERG. DAVID GREENGLASS also advised that Mrs. SPINDEL had been active in the American Students' Union.

Mrs. RUTH GREENGLASS had no information to the effect that WILLIAM SPINDEL was a "leftist". Mrs. GREENGLASS stated that, so far as she knew, WILLIAM SPINDEL was not engaged in espionage and was not known to JULIUS ROSENBERG. RUC.

DAVID GREENGLASS, ESP R. USA EVERETT GRANTHAM ADVISES HE HAS NOT RECEIVED INSTRUCTIONS FROM DEPT AS TO INDIVIDUALS WHO SHOULD BE INDICTED BY FGJ SANTA FE JULY SIX NEXT. HE IS CONSIDERING ADVISABILITY OF INCLUDING GOLD AS A DEFENDANT IN ADDITION TO GREENGLASS ON CONSPIRACY COUNT STATING IT WILL SOMEWHAT SIMPLIFY PROSECUTIVE ACTION AS TO GREENGLASS SHOULD GOLD SUBSEQUENTLY BECOME UNCOOPERATIVE AND REFUSE TO TESTIFY. IN VIEW OF POSSIBILITY THAT OTHER, AS YET UNIDENTIFIED, INDIVIDUALS, SUPERIORS OF BOTH GREENGLASS AND GOLD, MAY BE INVOLVED, HE IS FURTHER CONSIDERING INDICTMENT BEING RETURNED WHICH WOULD NAME QUOTE OTHER INDIVIDUALS WHOSE IDENTITIES TO THE GRAND JURY ARE UNKNOWN UNQUOTE. HE IS INTERESTED IN ANY POSSIBLE PROSECUTIVE ACTION AGAINST RUTH GREENGLASS AS WELL AS JULIUS ROSENBERG. IF DEEMED ADVISABLE BY THE BUREAU, IT IS SUGGESTED THAT THIS BE BROUGHT TO THE DEPARTMENTS ATTENTION IN ORDER THAT THE DEPARTMENT MAY ISSUE APPROPRIATE INSTRUCTIONS TO USA GRANTHAM. IT SHOULD BE NOTED THAT THE ALBUQUERQUE OFFICE HAS BEEN SUPPLIED WITH REPORTS ON THE GREENGLASS AND GOLD CASES BUT HAS NOT BEEN SUPPLIED WITH ANY RESULTS OF INVESTIGATION THAT MAY HAVE BEEN CONDUCTED PERTAINING TO JULIUS ROSENBERG OTHER THAN AS IT IS SET FORTH IN INSTANT CASE.

At 3:35 p.m. ASAC Cary Carlton of the Albuquerque Office called to advise that all testimony had been offered before the Grand Jury in the Greenglass matter, and that US Attorney Grantham had confidentially advised that it appears that the Grand Jury not only wants to indict Greenglass, but also his wife, Ruth. Mr. Grantham did not indicate that the Grand Jury wants to indict the brother-in-law, Julius Rosenberg, or Harry Gold. Mr. Carlton advised that US Attorney Grantham is going to call the Department concerning the Grand Jury desires on this matter, inasmuch as he understood that there was not a strong case against Ruth Greenglass.

At 3:40 p.m. Mr. William Foley of the Department called me to advise that US Attorney Grantham had just called indicating that the Grand Jury planned to indict Ruth Greenglass as well as David Greenglass. Mr. Foley advised Mr. Grantham that (a) the evidence was not too good against Ruth Greenglass, and (b) the indictment of Ruth Greenglass might possibly interfere with the investigation.

Mr. Foley wanted to know what the Bureau's opinion was as to whether indictment of Ruth Greenglass would interfere with the investigation. I advised him that we had furnished the Department with all information pertaining to Ruth Greenglass including the results of our interview with her and that we had not again interviewed Ruth Greenglass in view of the fact that her husband now has an attorney, namely O. John Rogge. I further pointed out that O. John Rogge had been in touch with the Department, and prior to the Bureau's taking any additional steps to interview either David Greenglass or his wife, the Bureau was awaiting the opinion of the Department as set forth in our recent memorandum to the Department. Mr. Foley was advised that the Bureau was not in a position to express any opinion as to whether indictment of Ruth Greenglass would interfere with the investigation, that the Department was in full possession of all information concerning Ruth Greenglass, and it was up to the Department and the United States Attorney to come to a decision in this matter.

KOSKI INTERVIEWED TODAY JULY 19 AT BROOKHAVEN NATIONAL LABORATORY, LONG ISLAND, AND FURNISHED FOLLOWING VOLUNTARY SIGNED STATEMENT. QUOTE I ARRIVED AT LOS ALAMOS IN JANUARY, 1944 AND WAS ASSIGNED TO STUDY CYLINDRICAL IMPLSIONS. DURING THIS PERIOD IT WAS DESIRABLE TO INVESTIGATE THE FEASIBILITY OF PRODUCING A SYMMETRICAL IMPLSION. IT WAS BELIEVED THAT THIS PROBABLY COULD BE ATTAINED BY USING THE SO CALLED EXPLOSIVE LENS WHICH WAS A COMBINATION OF SLOW AND FAST EXPLOSIVES SO FORMED AND ARRANGED THAT IF THE APPROPRIATE POINTS WERE INITIATED A CYLINDRICALLY SYMMETRICAL DETONATION WAVE WOULD RESULT. THE OBJECT THEN WAS TO PERMIT THIS DETONATION WAVE TO IMPINGE EVERYWHERE SIMULTANEOUSLY ON A METAL CYLINDER AND THEN TO MEASURE PHOTOGRAPHICALLY THE SILHOUETTE OF THE INSIDE OF THIS CYLINDER AS IT COLLAPSED. I HAVE EXAMINED A PHOTOSTATIC COPY OF A SKETCH BEARING THE SIGNATURE OF DAVID GREENGLASS, JUNE 15, 1950. THIS SKETCH IS A REASONABLE DESCRIPTION OF THE HIGH EXPLOSIVE SYSTEM AND THE METAL CYLINDER THAT I USED IN THE ABOVE MENTIONED EXPERIMENT. THIS EXPERIMENT WAS DESIGNED TO INVESTIGATE THE SHAPE OF THE HIGH EXPLOSIVE COMPONENTS AND THE VELOCITY THAT THEY SHOULD HAVE TO GIVE A SYMMETRICAL IMPLSION. THESE STUDIES THEN COULD BE CARRIED OVER TO THE HIGH EXPLOSIVE COMPONENTS OF THE ATOMIC BOMB WHERE A SYMMETRICAL IMPLSION IS NECESSARY. IN VIEW OF THE INTIMATE CONNECTION BETWEEN THIS EXPERIMENT AND THE ATOMIC BOMB DESIGN THIS WORK WAS CLASSIFIED AS QUOTE SECRET UNQUOTE AT LOS ALAMOS UNQUOTE. KOSKI ALSO STATED THAT THE LENS MOLD IS MERELY USED TO FORM THE HIGH EXPLOSIVE LENS. A FAST HIGH EXPLOSIVE AND A SLOW HIGH EXPLOSIVE ARE PLACED IN TO THE MOLD TO

TO : Director, FBI

CONFIDENTIAL

DATE: July 28, 1950

FROM : SAC, El Paso

SUBJECT: DAVID GREENGLASS, Was.,
ESPIONAGE - R
(Bufile 65-59192)

ALL INFORMATION CONTAINED
HEREIN IS UNCLASSIFIED
DATE 12-18-86 BY 3042/PW

The following information was furnished by [REDACTED] of known reliability, to SA WILLIAM H. NIDMINS on June 30, 1950:

On June 29, 1950 JOSEPH R. DI SANTI, Organizer of the Communist Party for the State of New Mexico, was in El Paso, Texas, where he conducted a meeting of the Communist Party. During this meeting DI SANTI remarked that a Grand Jury was in session or would soon be in session in New Mexico, regarding the GREENGLASS case. In this connection DI SANTI remarked "there are some people who might be called before the Grand Jury." He also stated "we have two union men in Los Alamos." The informant understood this last remark to mean that there were two Communists at Los Alamos, known to DI SANTI.

The above information was furnished telephonically to the Albuquerque Office.

Subsequent to receiving the above information [redacted] has been attempting to develop additional data in this regard. In this connection he advised SA FREDERICK A. JOHNS on July 27, 1950 that he (the informant) was unable to secure additional information. In thinking about DI SANTI's remarks the informant recalled that DI SANTI had prefaced his remarks by asking the Communist members in the meeting if any one of them knew about the "Gold" case. DI SANTI also advised at this time that he had to return to Albuquerque promptly in case anyone needed him when the GOLD or the GREENGLASS case came up before the Grand Jury.

~~BEDERSON~~

Referenced report reflects that in a letter from GREENGLASS to his wife dated September 8, 1944, he wrote in part as follows:

"I met two very interesting people who I spoke to until now. You see I'm writing from the library... and today, HY and I just made a date to go see these folks. I believe this couple is no the ball in our way of thinking."

On September 29, 1944, GREENGLASS wrote in part as follows:

"This ~~EMANUEL~~ is a civilian. He's a hell of a nice guy. Next Weds. HY, RUBY and I are going to eat in his place."

On October 4, 1944, GREENGLASS wrote:

"Well, today I worked kind of hard and I'm pretty tired, but instead of taking this leisurely I'm going to dinner with HY and BILL at ~~EMANUEL~~ and ~~ETHEL~~'s home (you know those nice people I met)."

It is suggested that the ~~EMANUEL~~ and ~~ETHEL~~ mentioned in GREENGLASS's letters are identical with ~~MANUAL~~ and ~~ETHEL~~ ~~SCHWARTZ~~.

Copies of this letter are being sent to the Chicago, Newark and St. Louis Offices as the last known addresses of some of the individuals mentioned in this letter are covered by these offices.
